Portfolio | LinkedIn | GitHub

OBJECTIVE

I am an MCA student with good analytical skills and a strong interest in data analytics. I am self-motivated and enjoy working on real-world problems using data. I am looking for an opportunity in a reputed organization where I can use my skills, learn new technologies, and grow professionally.

EDUCATION

Master of Computer Applications | In Progress — **Expected April 2026**
Chandigarh University — Mohali, Punjab, India

Bachelor of Science Honours (Mathematics) | CGPA - 7.06 — **August 2023**
Lalit Narayan Mithila University — Darbhanga, Bihar, India

Intermediate | CGPA - 6.7 — **July 2020**
Rose Public School — Darbhanga, Bihar, India

SKILLS SUMMARY

Programming Languages: Python, HTML/CSS

Libraries & Frameworks: Pandas, NumPy, Matplotlib, Plotly, Dash, PySpark, Node.js

APIs & Tools: Microsoft Azure, Databricks, Tableau, Power BI, Excel, MySQL, MongoDB, REST APIs

Soft Skills: Rapport Building, Stakeholder Management, Excellent Communication

PROJECTS

Real Time Chat Application (Quick Chat) | *Link* — ***Socket.io, Node.js, Express, MongoDB and HTML/CSS***

- Quick Chat is a private real-time chat application designed for secure one-to-one conversations. The app supports instant messaging, emoji reactions, and smooth real-time updates, making conversations easy and fast.

Personal Portfolio | *Link* — ***React, JavaScript, HTML/CSS***

- Developed a fully responsive personal portfolio website to showcase projects and skills, improving visibility for recruiters. Implemented smooth scroll animations, interactive UI elements, and cross-device compatibility for enhanced recruiter engagement.

Climate Data Visualizer | *Link* — ***Python, Plotly, Pandas, Dash, APIs***

- Designed an interactive dashboard to visualize climate trends over time, helping users analyze CO_2 emissions and temperature rise. Integrated live weather API to provide real-time temperature data for any global city.

Employee Management System | *Link* — ***HTML/CSS, Node.js, JavaScript, JWT and MSQL***

- Built a secure, role-based Employee Management platform supporting CRUD operations with MySQL database integration. Designed a responsive dashboard interface for admin operations with real-time updates.

ACHIEVEMENTS & ACTIVITIES

- Participating and secured 3rd place in the **"Tech Quiz and Debate"** organized by Chandigarh University.
- Participating in the **"Hands-on workshop on RedHat"** organized by Chandigarh University.

CERTIFICATE

- Master Data Analysis with Python – From Beginner to Pro | *Udemy*
- Introduction to Data Analytics by IBM | *Coursera*
- University of Michigan "Python Specialization | *Coursera*
